

Birds, Bees, Critters & Trees: Planning & Planting for Wildlife

An Alger Conservation District Workshop

Do you want to...

- Attract turkeys, grouse & other game?
- Design a three-season pollinator or rain garden?
- Learn about beautiful and beneficial native plants?
- Design a windbreak & prep the site for best results?
- Find out about common tree pests and diseases?

THEN THIS **FREE** WORKSHOP IS FOR YOU!

What's on the agenda?

- A colorful presentation from Alger CD staff
- Q & A on native species, tree health, and forest pests
- One-on-one help to design a wildlife planting, pollinator garden, or rain garden suited to your property

Tuesday, April 2nd 5:30-7:00 p.m.

Munising Township Hall, E9630 Prospect, Wetmore

We are an equal opportunity employer and program provider.
